

# RESCUE ONE FOUNDATION SUMMER CAMP 2016

BOOM !!!

BOOM !!!

BOOM !!!

What a wonderful transition we had right before entering school next week. It was a breathtaking event for the kids as usual. It was an appointment that they were expecting and they were not ready to miss it. Key words that describe this appointment are spiritual development, fun, socialization, education and personal development. Oh! What an appointment the summer camp was.

This year, we organized our annual camp at 'College Fleurs de Chou', a school located at Crois des Bouquets.

[Photo caption]

Under a carefully chosen theme

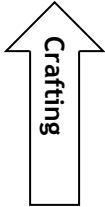

**The formula of obedience = Love + Faith + Actions**

A staff of 19 leaders highly committed to accompanying the children during 5 days.

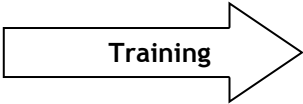

We had set up various activities in our program to make our children happy, It was a great fellowship time!!

And more

[Photo caption]

- Devotion at the dorms
- Sports
- Sexual and moral education
- Bible study
- Artistic activities
- . Worship and praise
- .Crafting activities
- . Cultural activities
- .and more

## SPORT

The activities took place as follow: Right after we got out of bed, we had a moment of devotion at the dorms that lasted 30 minutes. The coordinators were responsible for that. Then, we encouraged them to practice a sport for about an hour every morning. They had a good time either in Soccer or Basketball. Some of them went to the playground for a swing. As leaders, we encourage them to do so in order to stay healthy.

## Learning songs

*This year, we had a young lady from Calvary Chapel named Valerie Journaliste who was very enthusiastic, full of energy. She loves children very much and was quite involved during play time with them.*

*She contributed by teaching them many songs on Powerpoint slide. She was very patient with them, some of them had difficulties to adapt to the new songs and she was patient with them and she practiced these songs with them over and over and they arrived to sing easily.*

*We thank God for the commitment of this young lady. May God Continue to guide her on her journey...*

## Bible study

### Small group session

Teaching them the word the Word of God is the most important thing we do at summer camp. The bible says in the book of Proverbs 22: 6 <<Train up a child in the way he should go: and when he is old, he will not depart from it. >>

We separated them by age group. There was a skillful facilitator for the children who was there to teach them the Bible in pictures. He asked questions for every moment to keep them awake.

For children 8 to 12 years, a very enthusiastic instructor led the session in such a way as to get their attention.

Teens are spread out in several different small groups; it was very participative study. The objective of the small groups is to allow others to ask questions

From 5 to 7

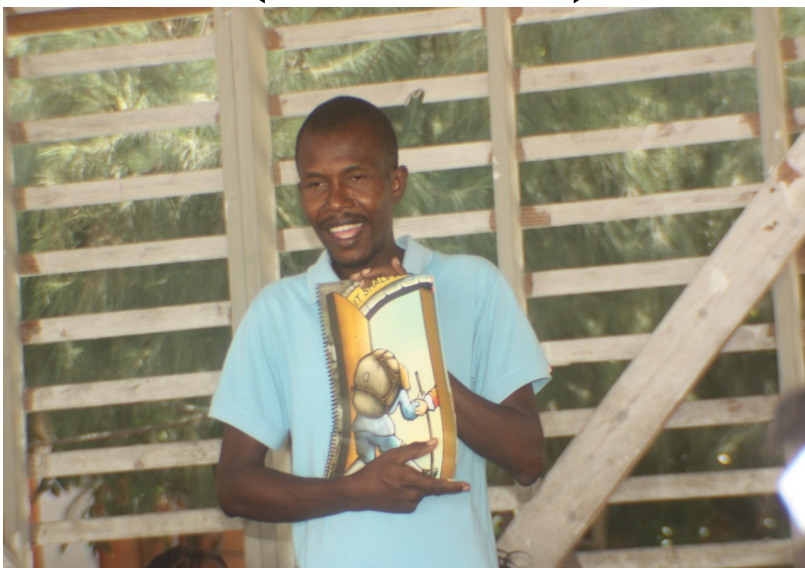

Sister Renia taught the children with passion. She used real-life examples and she promised to reward them after each lesson if they behave. They cooperated because they surely did not want to miss out on those rewards.

We thank God for these volunteers because they are a blessing for the ministry and for God's kingdom.

From 8 to 12

The bible says in the book of Proverbs 22 : 6 <<Train up a child in the way he should go: and when he is old, he will not depart from it.>>

... is that we promoted throughout the camp, and in all our activities we emphasized on the essentials and we used all kinds of strategies to capture their attention.

Salem Coordinator, Emmanuel, was amazing in teaching the children. This man helped out in many areas , we thank God for his involvement. What a blessing to have these kinds of people helping in the ministry!

Their bible verse was John 3:18

*With Past. Azer, the moment was wonderful , we had a participative bible study, the session was centralized on the theme which was << The Formula Of Obedience = Love+Faith+Actions>> , The session was participative because everybody wanted to know how teenager can really please God in this world that we are living. Their bible verse for this year was Ephesians 6:1-2*

From 13 to X

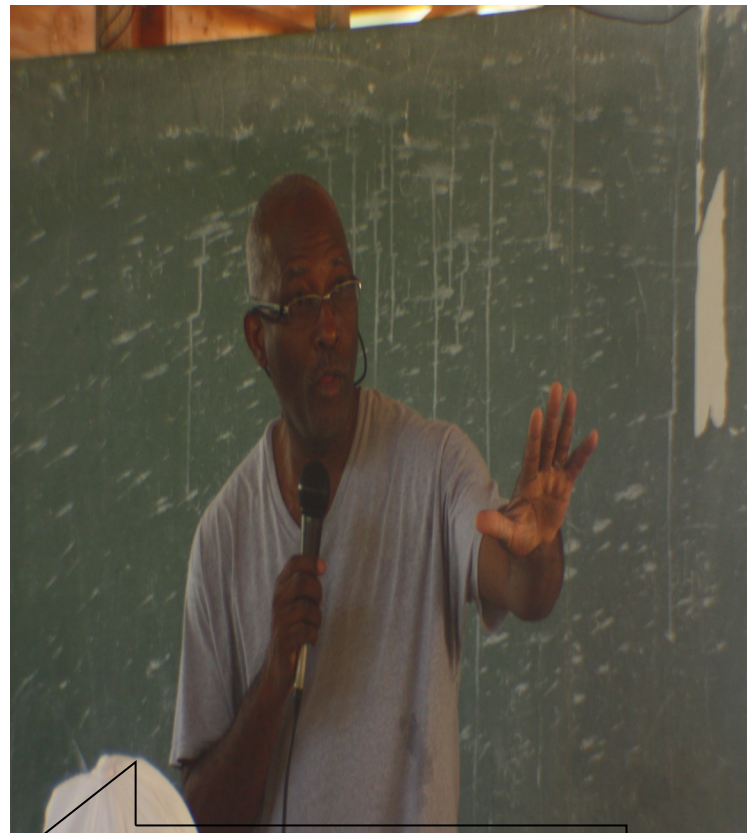

## Moral Education

This year we had Mr. Massillon who came to help us with the kids, especially with teenagers. He taught them about a subject entitled <<What is corruption... its impact on the country... and what the Bible says about it? >>

As we already know, Haiti is one of the poorest countries in the World, and one of the causes of that poverty is corruption. Mr. Massillon challenged them to do not the same because we are Christians.

Some of them were so surprised because they did not know that cheating in school or talk to a friend during a class test were corruption. They really enjoyed the topic...

Mr. Massillon Massillon gave some illustrations in order to expose the concepts of corruption in Haiti

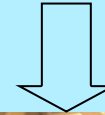

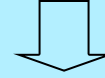

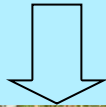

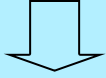

## And more interesting subjects like

Sexual education with teens boys

Sexual education with teens girls

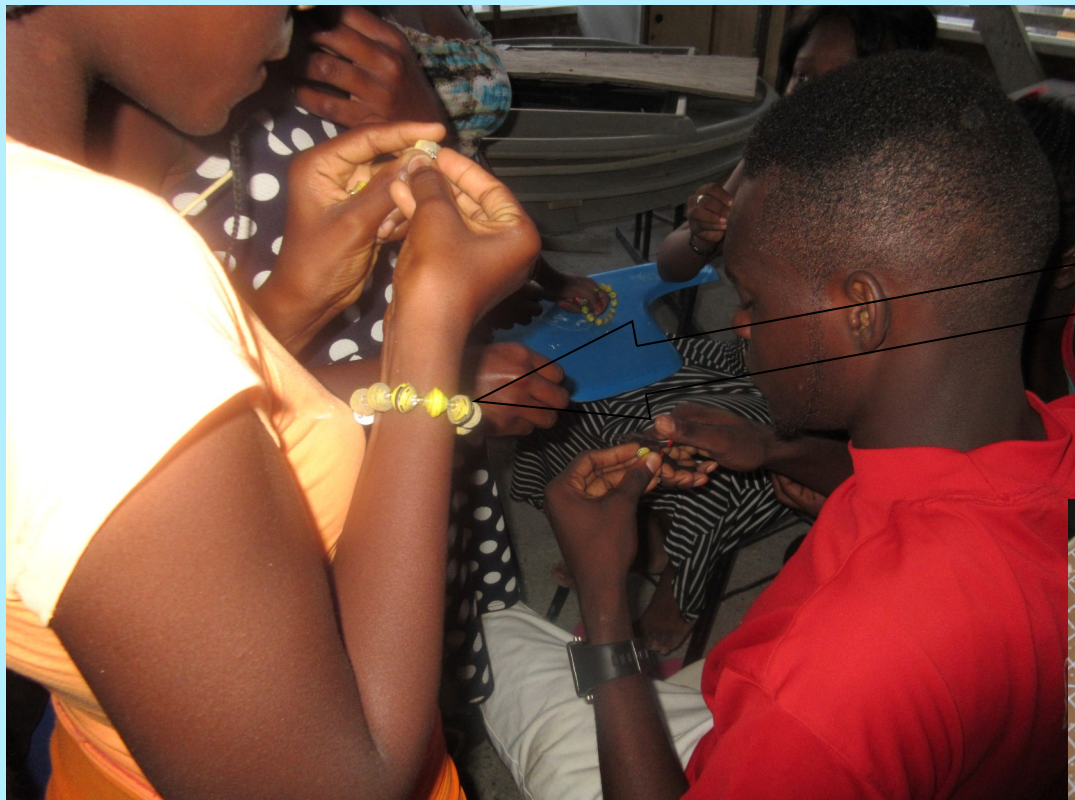

Mr. Anthoby (with the boys) and Sister Daniella (with the girls) counseled them on how to live a Christian life in purity. They asked them to tell everything they know about sex... Oh, they talked a lot about this subject! They had a lot to say and we were obligated to time their interventions because they bombarded us with things they know about sex.

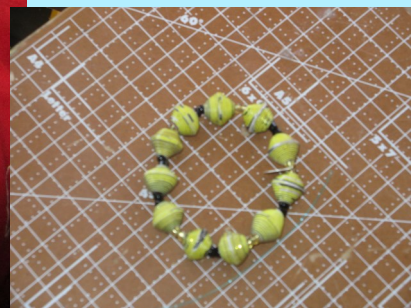

The counselors asked them questions about the origin of sex, whether it was a good or bad thing, why people have sex, etc... After an Explosion of answers, we directed them to the bible, we went through the Scriptures to see how God wants people to utilize it. We told them that God put all these restrictions because we can only and truly enjoy it in the right circumstances, which is when married...

## Craft Activities

A bracelet

## Artistic Activities

A hot cup of  
tea is good  
for health

## New Children

We are so pleased to welcome new children this year in the program. The children from Calvary church who are recruited this year attended their first summer camp. Evens Decayette, A Youth Coordinator for Calvary Chapel Rescue One program was so happy to contribute his time and talent to the summer camp of this year.

We thank God for the faithfulness of the sponsors who supported us with their time, prayers and contributions...Without them, we would not be able to maintain the program, love and support more children.

*They enjoyed the camp and made new friends !!!*

## Mealtime

We fed about 100 hundred people three times a day during these 5 days...

In the morning

In the afternoon

In the evening

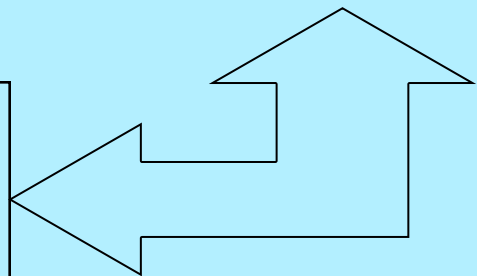

Gifts received from our supporters for the children

Tireless Hendelsona was involved in everything...She paid attention to every detail, she assured the well-being of every body at the camp. She is such a blessing for the ministry.

In Our last day , we went to Ebenezer Church at Croix des Bouquets to worship and praise Lord. And there, it was amazing. The sermon was in the book 2 Corinthians 1<<**Christians Attitudes in tribulations**>>. The preacher motivated us to have a good attitude in tribulations....

On Sunday 7:am in the morning we divided the children in two groups. The teenagers went to Eben Ezer church with a group of leaders. The youngest ones stayed in the campus and a few leaders led them to a nice church service. The both groups enjoyed their Sunday church service.

A special thank you to all supporters and our tireless leaders. We had a wonderful time !!!!

*And we missed someone who has a great importance for us, a mother, a sister, a counselor, a friend, we put our voices together to say << We love you so Much!!!>>*

Dear supporters,

We are addressing this letter to you to express our deepest gratitude for your generous contributions which made this Summer Camp a reality this year. We would like to thank the cooks who did an amazing job. All the leaders who contribute time and talent. And all others who have financially contributed. We thank you so much for your help, and we'd like to share with you the words expressed by one of our recruited little girl from last year who is currently recruited in the Rescue one program.

*"My name is Moretta Stacy Jennifer, I am 8 years old. I really appreciated and enjoyed my first camp this year, without it I would have sat in the house and bored all summer long. I really loved the bible story lessons and now I know who Jesus really is, and thank you so much for that."*

Because of your generous donations, many children were able to attend the summer camp where they not only had a great week, but also learned to develop social skills, friendships, Christians values that will stay with them for a lifetime.

Once again, Thank you!!!

Greetings to my sponsors and leaders,

Every year, it's always a great joy for me to participate in summer camp where I spend some of the most beautiful moments in my life with brothers and sisters in Christ. But this year, I have learned many good things that will be useful for me in the future. I really loved the bible competition, the fun activities and I enjoyed the fellowship with the kids. I wished that camp would last longer so we can enjoy more of these moments. Unfortunately, all good things have to come to an end. I have been pushing and asking the leaders for camp to last a bit longer than those few days that. I will continue to fight for that cause.

I thank God for allowed me to grow and prosper and being one of the Children who benefit from all the good things of Rescue One Foundation. I feel so blessed to be part of this program .

Magdala,
